

**Wisconsin Department of Health and Family Services**  
**Asbestos Certification Disciplines, Fees and Expiration Dates**

Discipline	Initial Training	Allowed Activities	Fee	Initial Expiration	Renewal Expiration*	Refresher Training
O & M Worker	2-hour asbestos awareness	Perform a custodial or maintenance service in a building where ACM is present/suspected/assumed when the activity does not normally result in disturbance of ACM.	None	Certification is not available	Certification is not available	None
O & M Worker	16-hour O & M	Perform a repair, operation, service or maintenance of a building that will result in disturbance of ACM in the building.	none	Certification is not available	Certification is not available	none
Asbestos Roofing Worker	1-day asbestos roofing worker	When a certified supervisor is onsite, prepare a roof for negative air pressure containment, repair Category I ACM on a roof, except for blister or buckle repairs, and remove or load out ACM from the roof.	\$25 for 1 year	1 year after most recent training	1 year after current expiration date*	4 hours before next renewal
Asbestos Roofing Supervisor	1-day asbestos roofing worker <b>AND</b> 1-day asbestos roofing supervisor	Oversee a roofing project that disturbs ACM, require changes in performance practices or halt the project, collect bulk samples to test for the presence of asbestos in roofing material, and function as air sampling professional for roofing activities.	\$50 for 1 year	1 year after most recent training	1 year after current expiration date*	4 hours before next renewal
Asbestos Worker	4-day asbestos worker	When a certified supervisor is onsite, perform asbestos abatement activities or asbestos response actions, including setting up containment, repairs, removal, encapsulation, enclosure, loading out or disposal of ACM from a building.	\$50 for 1 year	1 year after most recent training	1 year after current expiration date*	8 hours before next renewal
Asbestos Supervisor	5-day asbestos supervisor	Oversee an on-site asbestos abatement activity or asbestos response action, function as an air sampling profession, and require changes in performance practices or halt the project.	\$100 for 1 year	1 year after most recent training	1 year after current expiration date*	8 hours before next renewal
Asbestos Project Designer	3-day project designer	Plan asbestos projects or O & M activities.	\$150 for 1 year	1 year after most recent training	1 year after current expiration date*	8 hours before next renewal
Asbestos Inspector	3-day asbestos inspector	Conduct asbestos inspections, including determining the presence, location, or condition of friable or non-friable ACM, whether by visual or physical examination or by collecting samples.	\$150 for 1 year	1 year after most recent training	1 year after current expiration date*	4 hours before next renewal
Asbestos Management Planner	3-day asbestos inspector <b>AND</b> 2-day management planning	Develop a plan to manage asbestos in a building and make recommendations for the best response actions to be taken to manage ACM in the building.	\$100 for 1 year	1 year after most recent training	1 year after current expiration date*	4 hours asbestos inspector and 4 hours management planning before next renewal

ACM = asbestos containing material. Air sampling professional = asbestos supervisor, including asbestos roofing supervisor, who oversees the progress and condition of a project through air sampling and other acceptable supervisory techniques.
